

17. TB & NCD co-morbidity
Saturday, 05 December 2015, 13:30-15:00

Chair(s): Matthew COGHLAN (Singapore), Helen AYLES (Zambia)

Track: TB and diabetes/TB and other non-HIV comorbidities

- OA-427-05** **Glycemic control and risk of tuberculosis among diabetic patients: a cohort study**
13:30-13:40 P-H- Lee, H Fu, T Lai, H-H- Lin (*Taiwan, UK*)
- OA-428-05** **Screening for diabetes mellitus in tuberculosis patients: who should be prioritized?**
13:40-13:50 R Koesoemadinata, S Mcallister, N Rahmadika, P Santoso, R Ruslami, P Hill, R Van Crevel, B. Alisjahbana (*Indonesia, New Zealand, Netherlands*)
- OA-429-05** **High burdens of medical co-morbidity and drug toxicity on the Category II retreatment regimen in Malawi**
13:50-14:00 D Cohen, K Mbendera, W Malwafu, S Greenwood, E Joeques, L Corbett, G R Davies, S B Squire (*Malawi, UK*)
- OA-430-05** **Tuberculosis and diabetes in Southern Uganda**
14:00-14:10 S Annette (*Uganda*)
- OA-431-05** **Diabetes in patients with tuberculosis in Africa: to test or not to test?**
14:10-14:20 N Boillat Blanco, Lt Minja, C Schindler, R Kaushik, S Gagneux, C Daubenberger, K Reither, N Probst-Hensch (*Tanzania, United Rep., Switzerland*)
- OA-432-05** **Sputum culture conversion of diabetes/tuberculosis patients compared to age, sex and disease-matched patients without diabetes in Virginia**
14:20-14:30 S Heysell, D Staley, D Dodge, S Keller, E Houpt, J Moore (*USA*)
- OA-433-05** **Associations between tuberculosis and hyperglycaemia in Zambia, Southern Africa**
14:30-14:40 SI Bailey, S Floyd, Y John Y. , P Godfrey-Faussett, H Ayles (*UK, Zambia*)
- OA-434-05** **Exploring the association between TB and diabetes**
14:40-14:50 F Pearson, M Pearce, R Mcnally, N Unwin, J Critchley (*UK*)
- 14:50-15:00 Discussion
